## Flowers For A Purpose

In spite of the year-long COVID-19 shut down of many nonprofit programs and activities, The Kathy B. Davis Foundation's Flowers For A Purpose Program continued monthly with the help of several volunteers. The program was kept alive by organizing driveway and small group sessions at the homes of Dolores & Jim Bennett and Dave & Eric Davis. Although we were not able to involve our partners, Empower Cherokee and several area assisted living facilities, we were still able to positively impact our community the with delivery of beautiful flower bouquets to assisted living residents and Lake Arrowhead friends. Many thanks to our FFAP team: Roz Waldron, Jim and Dolores Bennett, Carol Burton, and Eric and Dave Davis. With their assistance, my son, Eric, was actively involved and has become quite the florist.

The Kathy B. Davis Foundation supports the following programs and activities in our county:

- Hasty Elementary Special Education Class Trip
- Cherokee High School Special Education Class Garden Project
- Angels On Horseback in Honor of Melissa Hopson
- Adult Disability Medical Healthcare
- Community of Hope
- Adam Holland Special Education Scholarship
- Flowers For A Purpose Program

The new date for our annual golf tournament is **November 5, 2021**. Please mark your calendars!
